WHO WE ARE

A merchant exporter, not a manufacturer

We source each product from the manufacturer or authorised distributor with the best availability, price and lead time, across India, Singapore, the UAE, Turkey and beyond, including multinational originator brands.

Our founders combine more than two decades of pharmacy, wholesale and regulatory experience with five years of pharmaceutical export operations. Brazil is our core market, and we work in English and Portuguese.

WHAT WE DO

01

Named-patient supply

Unlicensed and hard-to-access medicines for a specific patient, against a valid prescription and import authorisation.

02

Pharmaceutical wholesale

Branded, biosimilar and generic medicines in commercial quantities for licensed importers and distributors.

03

Institutional & tender supply

Essential and oncology medicines for hospitals, tenders and public health programmes.

04

Shipment documentation

COA, CoPP, invoice, packing list, certificate of origin and the import papers your market requires.
